### Who's Who on our Board?

Board Director

**PATRICK McARTHUR:**

Patrick was born and raised in Tyler, and since 2009 has worked for **AT&T**, negotiating contracts in both the Wholesale Strategy & Solutions and Global Supply Chain organizations.. Patrick is a licensed attorney, and earned his J.D./M.B.A. from **St. Mary's University** in 2009, and his B.A. from the **University of Texas at Austin**, in 2001.

Patrick lives in Tyler, with his wife of 10 years, Brook. They have two children. They attend Dayspring United Methodist Church. Patrick enjoys spending time with his family, playing golf, fishing, traveling and cooking.

*Patrick had this to say, "Azleway's mission to help kids in crisis is so compelling – when Gary asked me to join as a Board Member in 2014, it was an easy sell. I really enjoy doing what I can to support such an amazing staff that provides opportunities to Texas kids who, because of circumstances out of their control, have never been given a chance."*

# From our Executive Director... *Merry Christmas!*

**Six years ago, my wife, Gloria, and I became grandparents and it has been one of the best experiences of our lives!** We have grown to love that little boy (Remy) with an intensity that has surprised us. His laughter gives us such joy and when those little arms are wrapped around my neck - my heart sings! It is wonderful to watch Remy's eyes light up when we go to visit. It is beautiful watching Gloria's eyes shine when she sees him. I believe that every child should experience someone's eyes lighting up when they enter a room. Even in our day-to-day life, it is always a treat to see someone who is happy to see us.

**Azleway works hard to provide that kind of love to hundreds of children every day.** We work very hard to recruit, train and support quality foster homes. We partner with so very many community members to provide services to children with specialized needs. However, foster and residential care is a short-term solution to a long-term problem. These children need forever homes, forever families, to be forever cherished and loved. They need someone whose eyes light up every day.

We need your help in providing permanent homes for these children. One of my prayers during this holiday season is that you will consider becoming a foster or

adoptive parent and literally grant a child in need the gift of a family. For most of our children, it is their greatest desire. If that is not an option for you, please consider becoming a mentor, volunteer or a financial supporter of this organization. **It truly *does* take a village to raise a child, and we need everyone to become involved in lighting up eyes.**

Christmas is a special time of year for the children of Azleway. For 38 years we have never failed to ensure that every child in our care receives gifts for Christmas. I am shocked each year by the number of children who tell us that they never received a Christmas or birthday present, until they were placed in an Azleway program.

Many of the children who come to us are surprised to discover that there are people who care enough to provide a gift to a complete stranger. On Christmas morning please be a part of helping our children's eyes light up.

Each year I write in our Christmas magazine about remembering these children. I am always a little worried, but year-after-year, the members of our community come through and no child goes without that symbol that someone cares.

Stop for a moment and think about how you would provide gifts for 400-500 children. Even if you spend a nominal \$100 per child you are looking at \$40,000 - \$50,000. We simply do not have the financial ability to provide Christmas gifts without your help.

Please consider providing a gift or making a donation that will help us to show these children that there are good people who care. May God bless each of you richly and we hope that your eyes light up and you light up lots of eyes during this Christmas season!

Blessings,

Azleway Executive Director

The 9th Annual Texas Equestrian Gala Benefiting Azleway was held on September 23rd at the beautiful Texas Rose Horse Park.

During the cocktail hour, our guests were entertained by the amazing dancing horses of the Dressage Competition and a fabulous special exhibition by a young guest rider.

With a Texas wine tasting, full dinner by **Villa Montez**, a live auction with our wonderful auctioneer **Mark Scirto**, engaging silent auction, and music by **DJ Shane Payne**, there was something for everyone to enjoy. Many thanks to our chairmen, **Casey Oland** and **Victoria Williamson** and their hard-working committee for a beautiful and successful event.

The Texas Equestrian Gala is one of the ways that Azleway fills the gap between state funding and the actual cost of treating the children in care, which means participation in our special events directly impacts children for generations to come. Many thanks to our committee, sponsors, donors, and guests for helping to make a real difference in the life of a foster child!

**The Sargent Family on Adoption Day**

When caring for a child, it should be a natural feeling. My feelings are very hard to convey in words. I started fostering purely for the LOVE of kids.

When I was young, my dream was to be a nun and adopt. My mom died when I was just seven years old, so I have always understood the feeling of growing up without a mother's love. When

a child is taken from a family, as I was, it creates a feeling of hopelessness, always trying to find a place.

Adopting Trenton was a **dream come true** for me, thanks to Azleway and the great leaders there. One in particular was Mrs. Karina Green. I talked to her and she gave me not only her advice, but showed me the path to claim God's will for Trenton and my family. She really has a love and true heart for the kids and their needs. I was afraid, but she let me know that my faith in God would guide me. Trenton has truly been a blessing for my family!

# Sharing Christmas Blessings

When I reflect on the many Christmas celebrations in my life, my mind is flooded with amazing memories. Many of which I credit to my parents and seeing the joy they have always found in giving to others. In my childhood home, the season of giving was always announced with the smell of peanut brittle cooking, which was accompanied by seeing my

father crowd the kitchen with his assembly line of utensils and eager children, preparing the scrumptious candy packages that he and my mother would soon give away.

Of course, the culmination of this glorious fun was *always* getting our gifts on Christmas day, even though, in retrospect, the best part for us kids was the climate of anticipation and joy we saw our parents create throughout each and every holiday season.

I now endeavor to do the same for my own kids and grandkids, not only because I value and cherish them, but because I love the joy I get from being able to give to my kids.

I suppose I had to become a parent myself before truly grasping the essence of Luke 6:38, where we are told that by giving, we are blessed in return. I experience this very truth in increasing measure as each year passes. Giving reminds me that love truly is the greatest gift, and that I am truly fortunate and blessed to have the capacity to give.

Giving reminds me that by conveying value onto another person, I am also benefiting, as I step into the dynamic of being blessed by making myself a vessel from which my creator touches those in need.

**As this Christmas season approaches, we at Azleway know that Christmas has a unique meaning for our traumatized population. Christmas should be a happy time, but for many of our kids it reminds them of going without or the magnitude of losses in their lives.**

Subsequently, it is all the more important that we emphasize the love of the Christmas season to the children in our care at Azleway. In doing so, we help reduce the impact of painful memories, as well as instill great hope.

**During my many years of association with Azleway, I have learned what sacrificial giving means - most specifically through the example of amazing donors, who have taken time out of a hectic season, to financially enable Azleway, and make Christmas a reality for kids in need. Generous members of the community, who give monetary donations, businesses and churches that collect clothes, toys, bicycles and electronics, and even individuals, *especially individuals*, who take a child's name from the Wish List, and fulfill the wishes on that list.**

Such generosity makes all of the difference, as the anticipation and healing of Christmas is brought to life in the minds and hearts of kids at Azleway.

**Thank-you to all of you who share in this vision of giving. Truly, you are change agents helping to heal the broken hearted!**

May your Christmas be full of blessing and peace!

# WHAT WE DO AT AZLEWAY

Azleway has been faithfully restoring lives and relationships of children in crisis since 1979. We have had the privilege of helping thousands of children and families in their times of desperation.

Every child that comes into our agency is evaluated and placed in an appropriate program based on his or her needs. We have a continuum of care which includes: basic foster family homes, therapeutic foster family homes, residential treatment homes, general residential operation (GRO) and transitional living homes.

## GENERAL RESIDENTIAL OPERATION (GRO)

Children struggling with emotional and behavioral issues are quickly stabilized in Azleway's Residential Treatment program. Unfortunately, many of these youths are not ready to move into foster care.

Bouncing between residential treatment and foster care is hard for a child's security, education and self-esteem. Azleway's GRO program is a way to transition a child into foster care by continuing enrollment in an on-campus school, where the child receives counseling services, structured activities, case-management support and care from professional staff who can maintain active support. A change in placement can then be accomplished when the child is ready and able to successfully function in a less-restrictive environment.

## AZLEWAY BOYS' RANCH VALLEY VIEW

**Azleway Boys' Ranch** is intensive therapy set in relaxed atmosphere. Catering to at-risk boys, Azleway Boys' Ranch provides a wide variety of professional services, tailored to meet the needs of residents, in a planned continuum of care. Providing flexible, individualized therapy, testing and counseling services, Azleway staff professionals are committed to building a program to fit each child's needs. Each boy is invited into a caring environment at the Boys' Ranch, where he receives structure, compassion, education and coping skills.

## FOSTER CARE SERVICES

**Azleway Children's Services (ACS)** was originally established to provide the "next step" for successful residents of Azleway Boys' Ranch. Now, Azleway finds homes for boys and girls, ages 0-17. When parents are unable or unwilling to care for a child, ACS finds safe, secure homes for these Texas children in crisis through our Foster Care Program. Foster homes range from basic care homes to therapeutic homes, depending on the needs of the child.

## AZLEWAY SUBSTANCE ABUSE PROGRAM (ASAP)

Founded in 1997, the **Azleway Substance Abuse Program (ASAP)** helps kids get free from chemical dependency. The staff, of licensed professional counselors and licensed chemical dependency counselors, works with young men ages 13-17, in a ranch setting in Big Sandy, Texas. The goal is to help each youth develop a solid recovery program that includes relapse prevention planning and strong support systems, through group and individual counseling sessions, education and group therapy.

## ADOPTION SERVICES

**Azleway Children's Services (ACS)** now provides adoption services. At Azleway, parents can be verified to adopt in two ways, **matched adoptions** or **foster-to-adopt**. Potential adoptive parents must be at least 25 years of age, with a high school diploma or GED, and must pass a criminal and child abuse background check. Azleway provides extensive training and on-going support to potential adoptive and adoptive parents.

# HOLIDAY SPOTLIGHT

*"I'm Glad I Finally Have a Home"* by Angela Preston

I've always known that I would adopt a child. Even as a high school student, I always knew. So, about 12 years ago I was watching a Christmas special on "Wednesday's Child", and they mentioned all the children that are in need of homes and how there was a shortage of foster homes. The show continued to talk about how some children have to spend the night in the CPS office, after being removed from their homes. I thought that was just heart-breaking. So, I thought, "I have a couple of extra rooms, I could help out." I started looking into the requirements, and before long I was fostering two children. My sister (Cherylyn Galloway) and mom (Delores Preston) are also foster parents.

Over the past 11 years, I have fostered 35 children. Believe me, it takes a lot of dedication and hard work. However, *all* of these children are definitely worth it! I give them lots of love, while also trying to instill some of my values. At the top of the list, I really try to instill respect for self and others, independence, being trustworthy and caring.

I have also adopted one child, my daughter **Victoria**. I remember the first day that Victoria came to our home, at the age of nine. She walked in with her big beautiful eyes, and looked around with a smile on her face. After she got settled in later that day, she looked at me and said, **"I'm glad I finally have a home"**. That is the one statement that has stuck with me all of these years.

Some time ago, I told Victoria that I was not going to push adoption, but when she was ready she could let me know. Victoria came to me one day to let me know that she had spoken to the CPS worker about the adoption process. Victoria then stated that she was ready to be adopted.

Victoria is now a happy, well-adjusted teenager in her senior year of high school. She is an A student, is in dance company and varsity cheerleading. She will be going to a university next year to start her studies in Biomedical Engineering.

Victoria, my mother and I were able to celebrate her adoption this past July, with a trip to Europe. We had an amazing time! **I am so very proud to have her as my daughter!**

# OUR FOSTER PARENTING JOURNEY

*More than we could ever* **IMAGINE!**

By Jessica Allen  
Azleway Foster Parent of the Year 2017

“No eye has seen, no ear has heard, and no mind has imagined what God has prepared for those who love him.”  
—1 Corinthians 2:9

**Have you ever signed up for a mission trip or volunteer opportunity, and found yourself IMAGINING?** Imagining the impact you were going to make, envisioning the practical ways you would help the people, the hope and encouragement you would bring, the difference you would make in their lives, and the awesome testimony you’d be able to share afterwards? Since I’m being real here, this is how I felt about foster care. **These were some of the things I IMAGINED, the dreams and ideas that floated through my mind, when my husband, Billy, and I decided to become foster parents almost 10 years ago. We were in our mid 20s, young and naive, and were ready to “love children to healing” and create a happy, grateful blended family.** We knew there would be big challenges and great blessings ahead but we truly could’ve never IMAGINED just how things would unfold!

Over the course of the next nine years, we would welcome twelve different children into our home. Ten of those children were actual foster placements, from age 16 years down to 7 months. The other two kiddos were not “formal foster placements,” but young men who had aged out of the foster system and needed a place to go for extended support. It seems like a big number writing it now. I don’t think I IMAGINED parenting over 12 kids! But it didn’t all happen at once. **It was a matter of one “yes” at a time, as God opened each opportunity at different times and seasons of our lives.**

In the beginning of our fostering journey, we had no children of our own. We fostered older kids and teenagers during this time. I had never IMAGINED being in our mid-late 20s with teenagers! Boy, were we a sight compared to other couples our age: them with their drooling babies & teetering toddlers, us with our spiky haired teenagers. Them going to play dates at the park, us finding ourselves at the Skateplex on Saturday nights. During these years, we fostered a teenage boy who had come from residential

treatment, a sibling group of three, a teenage brother and sister pair, a 10-year old boy coming from residential treatment, and a 19-year old, who needed a place to go during his transition. Oh the memories of those years! We tried to create as “normal” of a family and teenage experience as we could. So, there were many football games attended, trips to the barber shop & salon, youth group activities, scavenger hunts for birthdays, movie nights, skateplex trips, introducing them to coffee (I know, what was I thinking!), road trips to visit their siblings, etc. What a special time with such special kiddos!

We all know that teenagers, whether in foster care or not, bring a unique combination of fun, adventure, and let’s be real...drama to the table! Wow, despite all the training and preparation, I could never have IMAGINED the depth of brokenness, pain and harsh life experiences each of those precious children would carry, or how these things would manifest in each child. The pain and darkness seemed relentless at times, and there was a battle that was raging for their healing, both spiritually and emotionally. I could not have IMAGINED the level that our hearts, souls, and lives would be invested, or the vulnerability and pain we would feel at times. **That being said, I also could not have IMAGINED the way the Lord would show up in our lives, and the strength and grace that He would be so faithful to provide. I couldn’t have IMAGINED the true courage and beauty of these children, or the deep gratitude I would feel when they began to open their hearts, and allow us the privilege to see glimpses into their true selves, despite having every reason in the world not to.** I could not have IMAGINED the ways these kids would impact US, the difference they would make in OUR LIVES. I sure couldn’t have IMAGINED the “forever connections” we would build with most of them. I couldn’t have IMAGINED that one day I would have a daughter who would end up being the flower girl in the wedding of our former teenage foster daughter. I could not have IMAGINED having one of those boys come visit us out of the blue years later and ask to come to church with us. I could not have IMAGINED one of those girls coming over for coffee years later, as a young adult, to chat and catch up!

*Photo by Ashley Fisher Photography*

In 2011, we were blessed with a biological child, our daughter Moriah Grace. We took a couple years off fostering, as we adjusted to life with a little one. Before long, though, the phone was ringing again. One of the young men we knew from the Boys’ Ranch had graduated high school and needed a place to stay for about six months. We welcomed him and he became a “big brother” figure to Moriah.

After that, we felt it was time to make our foster home active again. In December 2013, we welcomed a tiny little 7-month old

baby girl into our home, precious Jaidyn (2-year old Moriah called her “Baby Jesus” for a week or so, since it was around Christmas time, and we had done a lot of talking about Him)! Jaidyn had been born premature and had reactive airway

issues, although we didn’t realize it at the time. I could not have IMAGINED that I’d be rushing a tiny baby girl to the ER with breathing difficulties within weeks, and that we would stay in the hospital twice, for a total of 13 days! I could not have IMAGINED that we’d be starting a regimen of breathing treatments around the clock, every 6 hours, including waking her in the night to put that dreaded mask over her mouth and turn on that loud machine. I also could not have IMAGINED the challenge of trying to juggle being a mom/foster mom to a very sick baby, work responsibilities, the stress of the court case, etc.. But, I also could not have IMAGINED the amazing support we would receive from family and friends...my mother driving from an hour away, many times, to help watch Jaidyn when she couldn’t return to daycare. My friend getting respite certified and helping in huge ways as well. I also could not have IMAGINED the outcome of Jaidyn’s case. The whole time we IMAGINED she would either be reunified with a parent or that we’d have the opportunity to adopt her. While we tried to be supportive of whatever was best, we dreaded the thought of losing this precious baby that we had fallen in love with, and cared for with all we had over the last year. It turned out that Jaidyn’s bio dad had done a wonderful job working services, he and Jaidyn had a genuine bond, and he wanted to be the best dad he could be. He could have fought for reunification, but after seeing the progress she had made with us, and the way we had loved and cared for her, as well as the sisterly bond she and Moriah shared, he unselfishly agreed to a scenario in which we would remain Jaidyn’s parents, but he’d still be a regular part of her life. The whole

time, I thought we would either “lose her” or “adopt her.” We could’ve never IMAGINED the Lord would orchestrate a unique scenario in which we would work together with her birth father for Jaidyn’s best interest and, ultimately, His glory!

Two more years after welcoming Jaidyn, we welcomed two little boys this past summer of 2016. We never IMAGINED these precious boys would be with us 10 months and then their case would take such a drastic turn. We could not have IMAGINED the pain and grief that we and our girls would experience. And yet we also could not have IMAGINED the incredible, tangible ways God revealed Himself and His presence to us during a very difficult time. We also could not have IMAGINED we’d be welcoming another miracle, our baby girl born in August 2017.

**Foster parenting has been a tremendous adventure, an emotional roller coaster at times, and full of amazing, wonderful highs and some really tough lows. While we couldn’t have IMAGINED the pain and darkness that the abuse and neglect had on these precious lives, we also couldn’t have IMAGINED the magnitude of the light and love of Christ that would shine through.** We thought we would be blessing the children and making a difference in their lives, but we never could have IMAGINED the way they would bless ours! Sure we had some dreams when we started this journey about 10 years ago. But **the Lord had some Divinely orchestrated plans, and showed Himself to us in ways we never could’ve IMAGINED!**

Our family, L to R: Me with baby Sunday, Moriah, Billy, Jaidyn and Ramey (Jaidyn’s bio dad)

Hurricane Harvey was an extremely destructive Atlantic hurricane which became the first major hurricane to make landfall in the United States since Wilma in 2005, ending a record 12-year span in which no hurricanes made landfall at such an intensity in the country. In a four-day period, many areas received more than 40 inches of rain as the system slowly meandered over eastern Texas and adjacent waters, causing catastrophic flooding. With peak accumulations of 64.58, Harvey was the wettest tropical cyclone on record in the United States. The resulting floods inundated hundreds of thousands of homes, displaced more than 30,000 people, and prompted more than 17,000 rescues. Harvey caused at least 90 confirmed deaths. Economic losses are preliminarily estimated at between \$70 billion to \$200 billion, with a large portion of the losses sustained by uninsured homeowners.

— wikipedia.org

Our founder, Bill Partridge went down after the hurricane to help out. This is his story:

### **When Hurricane Harvey made landfall in South Texas, on August 25th, my world turned topsy-turvy!**

We could not even get into our Houston office and distribution center until the following Thursday evening, when I followed my Houston workers back to the city. After arriving with a trailer loaded with donations of water, toilet paper, paper towels, cleaning supplies and granola bars, I helped a couple get back to their home that they thought was okay. Turned out - it had sustained damage, and sheetrock had to be replaced. In spite of that, we opened our warehouse doors to the community and our foster parents the following morning. Groceries, supplies and water were in short supply. We wanted to make what we had available to our Humble community.

So many stories of disaster, and yet of heroism occurring throughout the city. As a result we continued to open our warehouse, week after week, to those impacted by Harvey. The response was overwhelming! More than 700 people were assisted from our local communities, and the hugs and thanks from our neighbors was very humbling! I am so thankful that God allowed us to receive so many groceries and supplies *prior* to the hurricane. It has reminded me again how **great our God is!** Just the right stuff for just the right moment!

**Thanks to all of those who have helped get needed supplies to all of these families! I want to particularly thank Feed the Children (Oklahoma City), the Houston Food Bank, Harvest International Food Bank (Mansfield), Central Baptist Church (Tyler), and all of the individuals who gave.**

But let's not stop with Houston. In Grand Prairie, that first week we helped over 19 people who had evacuated to the Fort Worth area, and were staying with family, or in local hotels. That number continued to rise as others were able to avail themselves of the opportunity to get food in our Grand Prairie pantry. Our thanks go out to the **Tarrant Area Food Bank** for providing an abundance of supplies, food and meats to assist these families.

Azleway is committed to helping children and their families. In the midst of such a disaster, it has become apparent that our heart is not only with our children, but with families and children in need wherever they are! **Thanks to our Executive Director and Board of Directors for continuing this commitment no matter what the cost. I would be remiss if I didn't thank all of our staff and volunteers who make all of these programs possible! You have all been heroes in the midst of turbulent times. Last, but not least, I want to thank an "anonymous" donor who provided funds to buy a new forklift, and covered some of the cost for a 24ft box truck for our Tyler location.** We have the forklift and are looking for the truck, but none of this would be possible without the help of our donors.

**May God Bless each and every individual and organization who has helped during this crisis. I pray that each of you will be blessed and rewarded beyond measure! —Bill Partridge**

# *It's All About Giving*

by Toni Rambo

**W**e are so blessed! Despite the challenges we face each year, we continue to make a difference in so many lives. For brief moments, when the challenges feel a little overwhelming, we are reminded of the purpose of our existence – helping these children who so desperately need us. For 36 years Azleway has served literally thousands of children and we have great hope of serving thousands more in the coming years!

Each year, we ask the children to fill out a Christmas wish list. We publish three items to give to the children. We rely on our community to help provide for these children at this time of year, as available agency

resources simply do not meet the need. Now, don't get me wrong – we will make sure our children have a great Christmas, but without donors, it would be much more difficult.

I like to give, don't you? It makes me feel good. I like to find just the right gifts for my family and wrap them in pretty paper. I like to see the looks on their faces as they open the presents on which I spent such time and energy. **That is what Christmas is about to me – the spirit of giving.** Giving love to those around us is an example of grace to those who need it most. Most of the children in our care have never been on the receiving side of giving without an expectation of giving something back in return. This is where you come in.

If you'd like to give, but are thinking, "Well, these kids just shouldn't ask for expensive things," you're probably right, but **please remember that they are just kids. They want the same items that all kids their ages do.** With your help, we can fulfill those wishes and, for some, this will be the first *real* Christmas they have ever had.

## East Texas Gift-Giving Guidelines

- 1.** This is a solid commitment. Please do not promise to buy gifts unless you are certain you can provide them. If you would like to contribute, but are unable to buy all of the items on a child's list, it is okay to buy only one item. Each item brings us closer to fulfilling a wish. If for any reason, you become unable to fulfill your commitment, please call or email your contact person, in a timely manner.
- 2.** Please do not ask to give your gifts to the child in person. Azleway strives to make Christmas as home-like as possible and observes traditional times for giving the gifts to the children Christmas Eve or Christmas morning.
- 3.** Only NEW, non-perishable items, please. While Azleway is glad to take used items as donations, we do not give used toys for Christmas.
- 4.** All items need to be wrapped individually and labeled with two tags: one with the child's name and age, the other - a removable note with a description of what is inside the package. Place all gifts inside a large bag (trash bag is okay; we do not give them to the children this way.) Label the outside of the bag with the child's name and age. This allows for easy sorting by our elves.
- 5.** Stockings are great gifts, as are any other extras you may like to provide. If you don't want to choose an individual child, items such as stocking stuffers, board games, bibles, sports balls, watches, wallets, cologne, batteries, small toys, etc. are always welcomed. Monetary donations & gift cards are also appreciated.

Note: Each area has the same gift-giving guidelines, but every area has a different contact person & wrapping guidelines. Please consult the Wish List page for your area, to find your contact person.

# AZLEWAY, INC.

15892 CR 26, Tyler, Texas 75707-9136

Operators of Azleway Boys' Ranch and Azleway Children's Services

What began in 1979 as one cottage with eight boys has grown across Texas to eight locations, annually serving nearly 2,000 boys and girls, birth to age 22.

Children come to Azleway with scars from their past lives. They have been removed from their homes due to abuse and neglect. Some, even at very tender ages, are so traumatized that they face significant obstacles to growing into happy, healthy and successful adults.

#### **Our Purpose, Vision and Passion:**

To bring children in crisis into a healthy and growth-producing environment where they will receive compassionate care, educational opportunities and a supportive network. Our ultimate goal is to direct each child into a loving family.
